 McFarlin Tennis Center
 1315 San Pedro Ave.*

*Sponsored by the
 San Antonio Parks and
 Recreation Department*

*Registration Deadline
 February 25, 2005*

ARTiculation Stations

Why expose your child to art education? Exposing youth to art programs helps them to develop self-esteem, self expression, critical thinking skills, cooperation and appreciation of the work of others. These are skills vital to the success of their futures by reinforcing other disciplines like reading, writing, social studies, even science and math. Our fast changing environment will require that future leaders – our children – be creative and imaginative in problem solving. These skills are best learned by students involved in art education.

Important camp information:

- ♦ **Cost:** A full week of camp is \$75. Individual classes are available for \$30 for the week. Tennis lessons are available for \$30 for the week. Swim lessons, with free swim to follow, are available in the afternoons for \$25 for the week.
- ♦ All students may be dropped off 15 minutes before class begins and must be picked up within 15 minutes after the camp ends. Early morning drop off and late pick up arrangements are available for participants taking a full day of activities.
- ♦ ARTiculation Stations are for youth 6-14. Each class has a specified age range. Birth certificates are needed for six and seven-year olds.
- ♦ Campers should bring a sack lunch, snacks, and drinks. Ice chests will be available for storage.
- ♦ Most supplies are provided. An art smock may be needed to avoid staining clothes. A supply list, if necessary, to be provided upon registration.
- ♦ All campers should wear cool, comfortable clothes. Swim suits, towels and sunscreen are required for swimmers.

Curriculum

the sum of all pARTS Ages: 6-9

Fun and informative multi-media class meant to expose students to different forms of art. Students work at their own pace with hands-on help and demonstrations.

Musical Machinations Ages: 10-14

Students experience the magic of music without the pressure to perform. Group lessons in a relaxed, comfortable atmosphere with exposure to a variety of instruments (such as guitar, keyboard and percussion), styles and musical notations.

Beat Feet Ages: 10-14

Hip Hop dance is a great tool for encouraging movement techniques that intertwine imagination, expression and coordination, enhancing self-esteem.

Melodic Muses Ages: 6-9

Students enter the wonderful world of music. Exposure to a variety of instruments gives students the opportunity to find their niches or explore additional outlets for musical expression.

Strokes of Genius Ages: 10-14

Mixed media art class meant to unlock the creative energy and ideas in youngsters' heads. They learn to find the art techniques that best release their thoughts or emotions. Structured enough to ensure accomplishment but open enough to allow freedom for individual expression.

The Rhythm Within-um Ages: 6-9

Hip Hop dance exposes fun movement techniques that enhance coordination and self-expression. Students learn the basic steps that allow them to enjoy this high-energy dance form.

Curriculum continued

The Many Forms of Recreation

Students will split into age appropriate groups for structured activities designed to expose them to a wide variety of healthy recreational activities. These may include outdoor games, theater, library and special guests.

Optional Activities

Tennis Lessons

Lessons available for youth ages 6 to 9 and ages 10 to 14. Students will learn the basics strokes as well as game rules and etiquette.

Beginning Swim Lessons

Sessions for beginners will include 45 minute of instruction followed by 30 minutes of free swim. Students will receive an introduction to water skills that help them feel comfortable around the water and learn fundamental skills. Students must be at McFarlin 30 minutes before the session in order to be transported to the San Antonio Natatorium.

Intermediate/Advanced Swim Lessons

Sessions for intermediate/advanced swimmers will include stroke development, improvement and refinement. Swimming and skill proficiency for power and greater distance are stressed. Thirty minutes of free swim will follow the instruction. Students must be at McFarlin 30 minutes prior to the session's start in order to be transported to the San Antonio Natatorium.

"Imagination is more important than knowledge"
Albert Einstein
